WARNING: Operating, servicing and maintaining this equipment can expose you to chemicals including engine exhaust, carbon monoxide, phthalates, and lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. These chemicals can be emitted from or contained in other various parts and systems, fluids and some component wear by-products. To minimize exposure, avoid breathing exhaust, do not idle the engine except as necessary, service your equipment and vehicle in a well-ventilated area and wear gloves or wash your hands frequently when servicing your equipment or vehicle and after operation. For more information go to www.P65Warnings.ca.gov/passenger-vehicle.

Breathing diesel engine exhaust exposes you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

- Always start and operate the engine in a well-ventilated area.
- If in an enclosed area, vent the exhaust to the outside.
- Do not modify or tamper with the exhaust system.
- Do not idle the engine except as necessary.

For more information go to www.P65warnings.ca.gov/diesel.

Limited Product Warranty

Load King LLC provides a ONE (1) year limited warranty on the entire machine.

Load King LLC provides a TWO (2) year limited warranty on Load King manufactured components. (Parts built and manufactured by Load King only)

Products designed and manufactured by Load King, Incorporated, are warranted to be free from defects in material and workmanship at the time of initial delivery subject to the following provisions:

For one (1) year following initial delivery of the product, Load King will, at its option, repair or replace any part found by Load King to be defective in material or workmanship. The customer is obligated to contact Load King, Inc. prior to any work being performed on equipment. A completed Load King Warranty Claim Form is required within thirty (30) days of the date of failure of any warranted part. Load King will inspect defective parts for approval prior to issuing credit to the customer. Defective parts shall be shipped to the factory pre-paid motor freight or UPS within 30 days of failure of any warranted part if factory requests return of said parts.

The Load King limited warranty does not cover: (a) products which have not been operated and maintained in accordance with Load King operators and maintenance schedules, programs, or bulletins; (b) products which have not been mounted in accordance with Load King installation procedures; (c) products not manufactured by Load King which are supplied by Load King (d) products which are repaired without using original Load King parts; or (e) transportation or delivery to a Load King service facility or the customer's location.

The battery, generator, hydraulic components, electrical components, drive motors, and or other parts/ equipment, but not limited to, not manufactured by Load King is subject to warranty guidelines set forth by the respective manufacturers and their allowed warranty period. Such warranties shall be handled direct through the respective manufacturer or one of its distributors.

This warranty is in lieu of any other warranties, express or implied. There is no warranty of merchantability or fitness for a particular purpose, nor is there any other warranty, express or implied, except as specifically stated herein. No associate, agent or representative of Load King is authorized to extend any warranty on Load King's behalf. Load King shall in no event be liable for any special, indirect, or consequential damages or claims of any third party against the Customer.

WARRANTY CLAIMS WILL NOT BE PROCESSED UNLESS THERE HAS BEEN PRIOR APPROVAL FROM THE FACTORY FOR THE REPAIR WORK THAT IS TO BE PERFORMED. (THIS EXCLUDES TRAVEL TIME AND OR MILEAGE WHICH IS NOT ALLOWED OR COVERED UNDER THE LOAD KING LIMITED WARRANTY.) NO EXCEPTIONS WILL BE MADE.

INSTRUCTIONS FOR ORDERING PARTS

When ordering parts, contact your nearest Load King distributor and give the following information to assure prompt service:

MACHINE IDENTIFICATION:

The serial number is shown on a plate on the outside front of the operator's console for convenient access.

PART IDENTIFICATION:

State the part number, description and quantity required. Do not use the item number. Avoid using the words "pairs" or "sets".

SHIPPING INSTRUCTIONS:

State the invoicing address. Unless otherwise specified, invoices will be mailed to the shipping address on file.

State the correct shipping address and the means of shipment: parcel post, air mail, air freight, UPS etc.

USING THIS PARTS BOOK

This Parts Manual has been designed for optimum ease of reading and is the key to Customer-Distributor-Factory communication. Genuine replacement parts, along with interchangeable product improvements as they become available, will keep your machine in a reliable and productive condition.

Use this manual as a supplement to the Operator's Manual when performing service procedures on the machine.

EXPLODED VIEW ILLUSTRATIONS show the relationship of assembled parts. The illustrations are keyed to an accompanying parts list on the same page or on the facing page and are positioned for ease in reading the manual.

IMPORTANT

This manual lists serviceable parts for every machine built of this model designation. Serial numbers are used to identify parts when a product improvement is made or an alternate component is used. It is important to know the serial number of the machine before searching for replacement parts.
